Step 2: Install DentalRay Sync™

Schedule a date and time for our team to install DentalRay Sync™ on your acquisition computer by visiting the Schedule Sync Install Page in your dashboard.

Our customer success team will walk you through the process and give you a call post installation to walk you through your DentalRay Dashboard.

What is DentalRay Sync™?

DentalRay Sync™ is an application that DentalRay installs on your CBCT acquisition computer. It's sole purpose is to detect when new CBCT scans are taken and send them to DentalRay. When a new scan is detected, it will automatically upload the scan files to DentalRay and prepare them to be reviewed. The application runs in the background so you will never need to interact with it.

Visit the Schedule Sync Install page.

DentalRay BETA Scans and Reports Upload a Scan **Schedule Sync Install**

Schedule your DentalRay Sync™ Installation

Use the scheduler below to select a date and time for our team to install DentalRay Sync™ and upgrade to an automated account. Get automatic uploads, a better price per report, and more.

Question about DentalRay Sync™? [Contact us](#) at anytime, we're happy to help.

Step 3: Let Sync™ Upload Scans

Once our Sync App is installed, your scans will begin appearing in your dashboard.

At this point we will credit your account with 10 Free Reports. Your account will be invoiced at the end of each month for reports completed, and your credits will be applied to your invoice.

What if I don't want a scan read?

Our platform includes smart dismiss rules, ensuring that only the scans that should be reviewed, get reviewed.

If for any reason a scan is uploaded that you would prefer not to be reviewed, you can also dismiss the scan at anytime before the status changes to "Assigned." To do so, simply click on the scan in question in the table to open up the sidebar, then click the red "Do not review this scan" button.

Uploaded scans will appear on your homepage.

The screenshot shows the 'My Dental Office' dashboard in the DentalRay interface. At the top, there are navigation tabs for 'Scans and Reports' and 'Upload a Scan'. Below the header, there is a search bar and a 'Filters' button. The main content is a table with the following columns: Scan Date, Patient, DOB, Gender, Provider, and Status. The table contains five rows of data. A blue arrow points from the callout box to the 'Patient' column header.

Scan Date	Patient	DOB	Gender	Provider	Status
03/16/2024	Jessica Mendez	03/16/2002	F	Nick Rivera	Uploading
03/16/2024	William Travers	10/01/1985	M	Nick Rivera	Uploading
03/16/2024	Lisa Martin	06/22/1977	F	Nick Rivera	Pending
03/16/2024	Daniel Schneider	09/30/1999	M	Nick Rivera	Pending

Page: < 1 2 3 4 5 > Results per page:

Step 4: The Challenge

Leave clinical notes on your first 10 scans describing what you see in your CBCT scans, and how long it took you to read the scan.

How To Leave Clinical Notes

1. Click on a scan with the status of "Pending" in your table to open the sidebar.
2. Find the section titled Indication, and click the Edit button next to it.
3. Add your note to the text area and save your changes.
4. All set. Your clinical note will be seen by your reviewing radiologist.

Important Note: Clinical notes, provider, and patient info can only be edited while a scan is in the "Pending" status

The image shows two screenshots of the DentalRay interface. The top screenshot displays the 'Pending' sidebar for a scan, with a blue callout box pointing to the 'Edit' button next to the 'Indication' section. The bottom screenshot shows the 'Edit Indication' dialog box, with a blue callout box pointing to the text input area. The background of both screenshots is the 'My Dental Office' scan list.

Step 5: Get 20 Free Reports

After you leave your findings on your first 10 scans, we will credit your account **an additional 20 Free Reports.**

When reports are completed, the status will change and the reports will move to the top of your homepage.

The screenshot shows the 'My Dental Office' dashboard in the DentalRay system. At the top, there are navigation links for 'Scans and Reports' and 'Upload a Scan', along with 'Office Settings' and a user profile icon. Below the header, the page title 'My Dental Office' is displayed, followed by an 'About Scan Status' button. A descriptive text states: 'View all scans and reports for your office. Use the search, date range or scan status filters to adjust the table view below.' Below this is a search bar labeled 'Search by patient or provider name' and filter buttons for 'Date Range' and 'Scan Status'. The main content is a table with columns: Scan Date, Patient, DOB, Gender, Provider, Status, and Added. The table lists several scans from 03/16/2024, all performed by Nick Rivera. The statuses shown are 'Findings of Interest', 'Critical', 'No Significant Findings', and 'Pending'. A blue box highlights the 'Findings of Interest', 'Critical', and 'No Significant Findings' rows. At the bottom, there is a pagination control showing 'Page: < 1 2 3 4 5 >' and a 'Results per page' dropdown set to 1000.

Scan Date	Patient	DOB	Gender	Provider	Status	Added
03/16/2024	Daniel Schneider	09/30/1999	M	Nick Rivera	Findings of Interest	03/16/2023
03/16/2024	Lisa Martin	06/22/1977	F	Nick Rivera	Critical	03/16/2023
03/16/2024	William Travers	10/01/1985	M	Nick Rivera	No Significant Findings	03/16/2023
03/16/2024	Janie Hughley	08/17/1992	F	Nick Rivera	Pending	03/16/2023
03/16/2024	Carrie Firth	12/23/1987	F	Nick Rivera	Pending	03/16/2023
03/16/2024	Kenneth Knight	10/01/1985	M	Nick Rivera	Pending	03/16/2023
03/16/2024	Tracy Rust	06/22/1977	F	Nick Rivera	Pending	03/16/2023
03/16/2024	Jessica Mendez	03/16/2002	F	Nick Rivera	Pending	03/16/2023

Step 6: Review Findings

Join one of our webinars where we will discuss and review findings from your CBCT scans.

DentalRay will send you information on upcoming webinars.
